

# HERMON GETACHEW ABDISSA

Electical and Computer Engineering Student thriving to improve

## BASIC INFORMATION

Kolfe Keranyo Addis Ababa, Ethiopia

hermongetachew10@gmail.com, +251940203596 , +251984713321

## EDUCATION

**Student of Electrical and Computer Engineering,  
BSc**

August 2021 - In progress

Addis Ababa University, Addis Ababa Institute of Technology

Maintained a GPA of 3.94 so far

## WORK EXPERIENCE

**Voulenteer Mathematics teacher**

July 2023 - August 2023

Addis Ababa University, Office of Community Engagement

- Spent a month of my summer vacation to contribute to my community
- Helped my students who will take university entrance exam next year to improve their skill and enthusiasm towards mathematics
- Got a certificate of recognition for my voluntary contribution from the university

**AI Engineering Internship**

April 2023 - Present

Minnovation Technologies

## QUALIFICATIONS

- Certified 120 hours of introductory French Course (From Alliance Ethio-Francaise, Addis Ababa)
- Certified for Python Data Structures course (From University of Michigan, via Coursera)
- Certified for Interfacing with Arduino course (From University of California, via Cousera)

## ACADEMIC PROJECTS

### **An Alarm Clock/Reminder Java Application**

07/2022

Object Oriented Programming Semester Project

Myself along side with my colleagues utilized our knowledge of building a Graphic User Interfaces with Java to build a user friendly reminder app for PC

[View Project on GitHub](#)

### **A 4-bit Digital Calculator**

04/2023

Digital Logic Design Semester Project

I worked on a team semester project to come up with our own design of a simple 4-bit calculator

[View project on Proteus](#)

## PERSONAL PROJECTS

### **A DIY Multimeter**

08/2023

I used the Arduino Micro Controller to build the most essential tool of a electrical engineer, a multi-meter.

[View Project on TinkerCad](#)

## INTERESTS

Electronics, Arduino, Computers, Exercising, Music, Reading
